

Announcement and Call for Papers

2013 IEEE INTERNATIONAL ELECTRIC MACHINES AND DRIVES CONFERENCE

IEMDC'13 - Chicago

Westin O'Hare, 6100 N. River Rd, Chicago (Rosemont), IL USA

May 12–15, 2013

The **IEEE International Electric Machines and Drives Conference** provides an international forum for sharing original ideas and developments in design, operation, analysis, application, and optimization of electric machinery and drive systems and their components. IEMDC is a venue for users, researchers, designers, and manufacturers of electric machines and drives and their related power electronics and controls. Half-day tutorial short courses will be offered on May 12, 2013.

The conference will have papers and plenary presentations by recognized experts to highlight various aspects of electric machines and drives, such as transportation electrification, renewable and alternate energy applications, high-performance servos, and energy efficiency. Of special interest are topics related to advanced motor designs, fault-tolerant operation and survivability, diagnostics and prognostics of machines and drive systems, sensorless methods, and turbogenerator operation and maintenance. Also of interest are papers on design and application of machines and drives to hybrid and electric vehicles, naval and aircraft power systems, and other areas.

Information for Authors

Prospective authors are invited to submit an abstract of 200 words and a double-spaced digest of five pages, including text, tables, figures, and references, at the conference website: <http://www.iemdc2013.org>. Papers must be original material not previously presented or published. Format requirements for the abstract, digest and the final version will be posted on the website. Contact information for the corresponding author should be included with the abstract. No author information should appear on the 5-page digest. Acceptance notification will contain instructions for final paper preparation. Please note that registration and attendance by at least one author is required for inclusion in the conference proceedings. Papers presented during the conference will be posted on IEEE Xplore, but IEEE reserves the right to exclude a paper from distribution after the conference (for example, removal from IEEE Xplore) if the paper is not presented at the conference. Papers excluded from further distribution will be archived at IEEE but will not be indexed or appear in IEEE Xplore.

Contact Information

Contact information is posted on the conference website: <http://www.iemdc2013.org>. The preferred mode of contact is e-mail. For general conference information, please address comments and questions to:

Philip T. Krein
General Chairman, IEEE IEMDC'13
e-mail: Chair@iemdc2013.org or p.krein@ieee.org

Steve Pekarek
Program Chair, IEEE IEMDC'13
e-mail: Program@iemdc2013.org or spkarek@purdue.edu

Important Dates

Tutorial Proposal Deadline: December 17, 2012
Submission of Abstracts and Digests: December 17, 2012
Notification of Acceptance: January 29, 2013
Submission of Final Papers: March 29, 2013
